Subject : Financial Status of the Canadian Chamber

Dear members of the CanCham,

As you may now know, the chamber is going in election for its new Board of Directors and, in my capacity as the nominee for the transition committee, I would like to address the resolutions made in our last meeting.

1. A balance statement was required to ABA and all outgoing transactions are now blocked until the election results and handover.
2. The current balance stands at USD 4,636.59. This amount has been verified and is in line with our financial records.

For any additional question, do not hesitate to reach the CanCham or myself directly.

Respectfully,

Mr. David Said
